

NOVA MINI

Ultra-compact 1000 lumen rechargeable work light

NOVA MINI is a USB-C rechargeable handheld work light that is a “must-have” for professionals.

With its compact dimensions, it is incredibly portable and easy to carry throughout the day. It features a patented SMART GRIP 4-in-1 system, offering multiple functions in a single unit. The ring on the lamp, which is based on the functionality you know from e.g. mobile phones, enhances grip comfort during prolonged use, and improving the overall ergonomic experience. The clip securely attaches to a work belt, allowing all-day carry, while a strong built-in magnet provides flexible positioning when both hands are required for a task. Additionally, the SMART GRIP can act as a stand on any surface.

NOVA MINI is durable and resistant to water and dust (IP65). It is designed with high efficiency multi-LED design featuring 26 LEDs and provides up to 1000 lumen – which is absolutely unique for such a small lamp. Additionally, a user-friendly battery indicator keeps you informed about the battery level.

The OPTILight setting delivers the required illuminance (LUX) in a typical work situation, ensuring optimized light and runtime with a simple touch. This work light provides a constant lumens output performance measured according to the European standard EN 13032-1.

	NOVA MINI
Product number	03.6200
Light source	High efficiency multi-LED design with 26 LEDs
Luminous flux, lumen	100-1000
OPTILight setting	500 lux@0.5 m
Adjustable light output	6 levels
Beam angle	100°
CRI	Ra > 80
CCT	5700 K
Operating time max. / min. lumen, h	1.5/18
Operating time OPTILight, h	6
Charging time, h	4
Battery	3.6 V / 3200 mAh Li-ion
Verified no. of charging cycles	Min. 1000
Protection class	IP65
Rough service	Yes
Impact protection	IK07
Impact resistance	2 m
Cable	1 m USB-A to USB-C
Operating voltage AC	-
Charging voltage/current DC	5 V / 1 A
Power consumption	7.3 W
Charger incl.	No
Operating temperature	-10 to +40 °C
Dimensions	102 x 39 x 94 mm
Net weight	278 g

PRODUCT IMPROVEMENTS

- 27 % efficiency improvement
- 46 % recycled material
- OPTILight functionality
- Dedicated buttons for on/off and brightness levels
- Battery indicator
- Double temperature surveillance to protect the lamp and battery
- Min. 1000 charging cycles
- Rough service certified
- Warranty extended from 3 to 5 years
- New colour scheme

A pioneering approach that focuses on reinventing the design and functionality of LED work lights and optimizing energy efficiency to the utmost. With a focus on sustainability, traditional standards are rethought, and boundaries are pushed to extend the lifespan of lighting solutions.

Keep the light you love.
